

Greetings from Ron van der Merwe

Judge 2008 National Dorper & White Dorper Show Dubbo
Held 25th, 26th, & 27th April 2008

I would like to tell you how impressed I am to see how the Dorper and White Dorper Breed has grown and developed in Australia since my last visit, some 5 or more years ago.

The standard has improved one hundred fold and you, the Stud Breeders are to be congratulated. Your eye and adherence to the breed standard and no doubt the help of Judges, Inspectors and schools conducted, has helped lift the standard of both breeds.

As I am writing to you following many inspections now on this trip, I would like to thank all who participated at the National Show in Dubbo and for the hospitality and friendship extended to me during my inspections.

Ron van der Merwe
